

ENDEAVOR TO SHOW THAT FIGHT IS ONLY BY FEW OFFICIALS

Union Leaders Tell Labor Board That the Underlying Purpose is to Establish Open Shop and Crush the Labor Organizations—Eleven Points for Negotiations Given

(By The Associated Press)
CHICAGO, March 18.—Union labor leaders dived in the records of the Association of Railway Executives today before the railroad labor board in an endeavor to show that the railroads' fight against national agreements was not unanimous but was dominated by a few officials.

An underlying purpose to establish the open shop and crush labor organizations was declared to be behind the fight of the association against national boards of adjustment. The controversy over these boards in the association's labor committee was brought out by cross-examination of T. DeWitt Cuyler, chairman, and his assistant, Robert S. Binkerd.

Today's proceedings marked the beginning of labor's main fight for continuance of the national rules and working agreements now in effect, the justice of which the board is trying to decide.

Program of Eleven Points
A basis program of eleven points on which labor would be willing to negotiate national agreements was laid before the board by B. M. Jewell, president of the railway employees department of the American Federation of Labor when the hearing opened today.

Frank P. Walsh, counsel, immediately followed with an exhaustive cross-examination of Mr. Binkerd and Mr. Cuyler.

The association's labor committee was the outgrowth of the transportation act, according to testimony of Mr. Binkerd, brought out in the cross-examination and was designed to deal with labor disputes.

Records brought by Mr. Binkerd were read to show that a divided opinion concerning national boards of adjustment had existed in the committee.

As a result of a bi-partisan board appointed at the suggestion of former President Wilson, in March, 1920, the national boards of adjustment created under federal control were continued with the approval of a majority of the labor committee, it was brought out.

The majority report of the labor committee, submitted on March 29, 1920, stated that it feared failure to appoint boards as provided under the transportation act would result in overloading the labor board with disputes and that it recommended the appointment of railroad officers to national adjustment boards. The report said that if the roads did not take advantage of the permissive features of the law by agreeing to adjustment boards, the efficiency of the labor board might be greatly impaired, resulting in decisions possibly adverse to the roads.

The minority report, it was shown, was adopted by a member vote of 60 to 41 on April 16, 1920. Both Mr. Binkerd and Mr. Cuyler were challenged by Mr. Walsh to show why the majority report was disregarded, but both maintained that the members roads, after discussing the matter, agreed with the attitude of the minority and adopted its report.

Mr. Jewell's opening statement declared an agreement would not have been easy if the roads had agreed to confer on rules. He claimed for the employees' families, rules for safety and health of employees' apprentice rules, seniority rights, the right to organize and definition of the duties of each craft.

With these fundamentals as a basis, Mr. Jewell said, an agreement could now be reached with the railroads. He intimated that the roads had refused such conferences and said the employees were therefore willing to proceed with their arguments for continuation of the national agreements.

BIG PATRIOTIC MASS MEETING HELD IN NEW YORK

Foreign Born Propagandists Denounced by Gen. Pershing

WANT THEM TO KNOW AMERICA IS INSPIRATION

(By The Associated Press)
NEW YORK, March 18.—General John J. Pershing, speaking before a crowd which packed Madison Square Garden tonight, at one of the greatest patriotic demonstrations here since the signing of the armistice, bitterly denounced persons of foreign birth who seek the freedom of this country to spread "political and warlike propaganda," to weaken the ties of friendship between the United States and her allies in the late war.

The meeting was held under the auspices of the American Legion as a protest against the recent mass meeting arranged by voice objection to the presence of French colonial troops in occupied Germany.

Fifteen minutes before the meeting was called to order by Colonel Frank Galbraith, Jr., national commander of the American Legion, the fire department officials ordered the doors of the garden closed to bar further admissions. More than 14,000 persons were then in the hall.

Pays Tribute to Foreign Born
General Pershing, paying tribute to foreign born citizens who served under him in the Philippines, Mexico and France, declared it was entirely proper that foreigners should cling to the folk lore, literature and music of their native land, but he assailed those who seek to dictate American questions and political policies by the standards of their own countries.

"We have no quarrel with the American of foreign birth," he said. "We want them to know that America is an inspiration, that is, something spiritual, a goal toward which we aim. But we do object to the foreign-born citizen who attempts to decide an American question for a foreign reason, whether he be of German lineage and proposes to determine an American policy because of German prejudice, or whether he be Irish, Italian, Hungarian or Russian, who seeks for similar reason to decide American questions."

A scalp wound was received by O'Bannon in the fracas and the hearing was continued.

UNION PACKING PLANT WORKERS VOTE TO STRIKE

Action Dependent on What Packers Do in Wage Controversy

WORKERS CLAIM WAR IS NOT ENDED

(By The Associated Press)
CHICAGO, March 18.—By a vote of 21,482 to 207, union workers in Chicago packing plants will on record today in favor of a strike if they are "unable to induce the packers to maintain the eight-hour working day."

Telegraphic reports at union headquarters were said to indicate similar strike majorities in other packing house centers throughout the country.

The wording of the ballot follows: "Do you favor and authorize a strike in the event that the government or our organization is unable to induce the packers to maintain the eight-hour work day and compliance with the agreement entered into with the United States department of labor?"

The agreement referred to was a war-time ruling which submitted all wage and labor disputes between the packers and their employees to a federal arbitrator, Judge Samuel Alschuler having occupied the position during the war period. The packers withdrew from the agreement on February 26, on the ground that the war was over. The agreement specified that it was to remain in force until one year after the end of the war. The unions claim that the war has not officially ended.

The packers then announced wage reductions of from 12 1-2 to 15 per cent and changed the work day from eight hours to ten hours before overtime was paid. They also announced plans by which the workers would participate in the control of plant affairs. Armour & Co. having held an election this week, at which their men elected representatives to an "industrial democracy."

The union leaders take the position that if the packers refuse either to restore the former wage scale and hours or to submit the whole disagreement to the federal arbitrator, union officials will be forced to order a walkout.

START SECOND PROBE OF BASEBALL SCANDAL

Going to Throw More of Cook County Tax Payers Good Money After Bad.

CHICAGO, March 18.—A second investigation into the 1919 world series which Chicago White Sox players were charged with throwing to Cincinnati was started today by State's Attorney Crowe before the Cook county grand jury.

Mr. Crowe told the jurors in outlining his plans that he would bring them new evidence to justify re-indictment of the men whose cases were dropped or taken off the court last year and also would incriminate men not indicted at the inquiry.

He declared the public might be more surprised at the result of this investigation than it was at the original indictments.

Mr. Crowe said he would complete his presentation of evidence in about a week and that the jury then would be in a position to decide whether to indict.

DEATH PENALTY IS RECOMMENDED BY WANDERER JURY

Found Guilty of Killing "Ragged Stranger" Last Summer

DEFENSE MOVES FOR NEW TRIAL

(By The Associated Press)
CHICAGO, March 18.—Carl Wanderer was found guilty today by a jury of the murder of the "ragged stranger," whom he shot and killed in an alleged mock holdup and the penalty was fixed at death. The jury deliberated only thirty minutes. Four ballots were taken, the first finding him guilty and the others fixing punishment. The fourth vote recommended the death penalty.

Wanderer is now under sentence of 25 years for the murder of his wife at the same time the stranger was shot. The double murder took place last summer. Wanderer declared that when he came home from a theater one night with his wife they met a man in the vestibule of their home. The man opened, Wanderer said and he fired back. Mrs. Wanderer and the stranger were killed.

After several days the police found that the stranger's gun belonged to Wanderer's cousin and that Wanderer had borrowed it a week before the episode.

Wanderer after his arrest, signed a confession that he had hired the stranger to stage a mimic holdup and had killed his wife and the man.

Requidates Confession.
The first trial for the murder of his wife and her unborn baby Wanderer repudiated this confession.

His plea in the trial just closed was insanity. Wanderer in his repudiated confession said he had wanted wife killed so he could go back to the army, where he had served as a lieutenant over seas.

The stranger has never been identified. The defense immediately moved for a new trial.

Wanderer, when he heard the verdict, betrayed no sign of emotion except to flush slightly. "I didn't care what they did to me," he said. His defense had been insanity and his attorneys asserted that this plea would be the basis of his appeal.

AMERICAN EXPORTS IN FURTHER DECLINE

Show Decrease Over Those of January—Imports Increase Slightly.

Washington, March 18.—American exports showed a further decline during February while imports for that month increased slightly, according to monthly trade figures made public today by the department of commerce. Exports for February aggregated \$489,000,000 as compared with \$655,000,000 in January.

Imports last month totalled \$215,000,000 against \$209,000,000 in January. Secretary Hoover said January figures were probably too high as the result of a "lap over" from December statistics, but added he thought the department report for March would be accurate.

For the eight months ended February exports totalled \$5,127,000,000 compared with \$5,230,000,000 for the same period in 1920, while imports for the eight months ending with February totalled \$2,757,000,000 as against \$2,235,000,000 for the corresponding period last year.

Gold exports for February totalled \$40,000,000.

PALMER OPINION AS TO MEDICINAL BEER WILL STAND

This Announcement Was Made by Attorney General Daugherty

IS NOT SEEKING MORE AUTHORITY

(By The Associated Press)
WASHINGTON, March 18.—Definite announcement that former Attorney General Palmer's opinion, permitting physicians to prescribe beer for medicinal purposes would stand, unless Secretary Mellon should ask for a review, was made today by Attorney General Daugherty.

The attorney general reiterated that except on request by the head of a department, the department of justice could not hand down reviews of its opinions.

In connection with the possible transfer of the prohibition enforcement bureau from the treasury to the department of justice as a part of a general reorganization of government departments, Mr. Daugherty said he was not seeking any additional authority, but would accept such responsibilities as congress might place upon him.

Creation of a single intelligence department to do the investigation work of the government was advocated by the attorney general.

GOVERNMENT LOSES INCOME TAX SUIT

Court Holds That Estate of Over \$50,000 Which Pays Federal Estate Tax May Deduct Amount From Income Tax Return.

(By The Associated Press)
WASHINGTON, March 18.—The federal government today lost an important income tax suit when the United States court of claims held that every estate the net amount of which exceeds \$50,000 and which has been or is hereafter compelled to pay the federal estate tax is entitled to deduct the amount so paid from its income tax return.

The effect of the decision, should it be sustained, will be that the government will not only be compelled to refund all taxes already collected from estates under such circumstances but will be unable to collect similar amounts from estates in the future.

The court awarded a judgment for \$165,000 in favor of Senator Underwood of Alabama, Allan H. Woodward and Reginald Barister, as executors of Joseph H. Woodward in a suit to reverse the action of the commissioner of internal revenue in refusing to allow as a deduction under the income tax law the sum of \$489,834 paid by the executors as federal estate taxes.

REPARATION BILL TO ACT AS PENALTY

LONDON, March 18.—(By The Associated Press.)—J. Austen Chamberlain, chancellor of the exchequer, replying in the house of commons today to an argument that the German reparation bill to be effective must be applied by all the allies, said the bill might operate either as a penalty or as a means of collection of reparations. Which of these characters the measure took on, he asserted depended upon the action of the Germans.

If the Germans wished to draw penalty upon themselves, Mr. Chamberlain said they could draw it; but if they wished to avoid penalty and pay a portion of their debts for reparations, the bill would not act as a punishment, but as a method of collection. It was not improbable that before long the bill would be acting in the second method the chancellor declared.

FAMOUS MATEWAN BATTLE TRIAL IS COMING TO CLOSE

Should be Given to Jury Some Time Saturday

STATE COUNSEL SCORES HATFIELD

(By The Associated Press)
WILLIAMSON, W. Va., March 18.—In the summing up process of the Matewan battle trials today verbal batteries of counsel were trained on each others fortifications fashioned out of the testimony adduced from approximately 150 witnesses.

Sid Hatfield, the town chief of police and his fifteen companions being tried on indictments in connection with the death of May of Albert C. Felts, a private detective, shot during a pistol fight, laughed and wept as the attorneys varied their arguments. One moment their broadsides were mirthful, the next found them bordering on the pathetic.

When adjournment was taken late today until tomorrow morning, it was the general opinion of all participants that the jury would receive the case not later than one o'clock Saturday afternoon. Counsel for both sides were agreed that arguments would be concluded at the morning session.

Houston Opens Argument.
Houston of counsel for the defense was the first lawyer to address the jury. He opened his argument that not one of the attorneys conducting the prosecution can say he represents the commonwealth of West Virginia and charged that the Baldwin-Felts detective agency, seven of whose operatives fell mortally wounded during the fight, "feeds the lawyers."

He asked what crime had been committed that armed non-residents should be sent into Matewan and answered, "because the crime they committed was joining the Miners' Union."

Mr. Houston next took up a letter offered as evidence and purporting to have been found on Felts body. It referred to an attempt that was to be made to get Sid Hatfield to join the Baldwin-Felts organization.

"They wanted to make Hatfield a traitor," he shouted. "but he could not be bought and now stands trial for his life. They tried not only to buy Hatfield but offered to pay \$1,000 to permit them to bring a machine gun into Matewan. And what for? To shoot down that little band of union men?"

Mr. Houston declared there is not a street nor a corner in Matewan that is not stained with the blood of men.

"One hundred yards from the scene where Albert Felts was murdered," he thundered, "there was born a feud in 1882 that brought much undeserved notoriety to that section. It was known as the Hatfield-McCoy feud. Later three men were killed on election day and still later the mayor and his chief of police were killed."

Taking up the industrial situation in Matewan attacked union organizers and in contrast pointed out what he said were benefits derived from the coal operators' management in operating the fields of Mingo.

Senator McCormick's budget bill for government expenses, it is said, will be one of the first matters considered at the coming session of congress and in its present amended form will be adopted. The budget bill alone cannot bring a careful, business-like administration, but it will be a wonderfully helpful influence in producing such results.

Dr. Frank Gunsaulus who died in Chicago recently was a figure of more than state wide prominence. For years he had been conspicuous in the religious life of Chicago but in such a broad way that his influence was powerful. He was a leader in the movement which has made less rigid sectarian lines and brought about a much kinder

relationship among the peoples of the different churches. So it is not surprising that some of the most prominent citizens of Chicago are now uniting in the statement that he is "one of the noblest men that Chicago has known."

Now that Clara Smith Hamon has been acquitted by an Oklahoma jury, as nearly everybody supposed she would be, let us hope that she will be permitted to drop out of the newspaper headlines. There is no good reason why this woman with a scarlet record should longer continue in the limelight. The interviews with which she has been credited since the acquittal are not indicative of a woman refined by the tortures thru which she has passed, and determined by future good works to make amends for a seamy past.

The state roads patrol bill introduced in the Illinois legislature by Representative Tice is said to be meeting with a good deal of favor. The bill provides for the patrolling of state highways with the purpose in view of keeping roadways in proper condition. Patrolmen if appointed will have general police powers and so attention need not be limited to traffic. The prospect is said to be good for affording downstate counties deserved protection either thru this patrol bill or the state constabulary measure.

Representative Searcy told a group of Jacksonville men last night that lobbying before the Illinois legislature is a fine thing. This statement carried with it the explanation that the representative did not mean lobbying which is synonymous with bribery or coercion but that it did mean the method of letting representatives know the wishes of constituents.

Mr. Searcy thus indicated his real wish to keep in touch with the opinions of the men and women who elected him to the office he now holds. For a public officer to state with sincerity that he desires the advice of his constituents is indicative of a real desire to serve.

The movement for reorganization of the Jacksonville Chamber of Commerce is well timed. There are many matters which properly come before a business man's association which without such an organization are left undone. Business today is "feeling its way," and a considerable amount of uncertainty shrouds the future.

Yet most people hold the sanguine view that more stable days are coming and that business will be good thru a period of years. So it behooves Jacksonville to organize along sane and practical lines for the accomplishment of feasible projects thru co-operative action.

WHY BUILDING INDUSTRY IS AT STANDSTILL

The national construction conference recently held at Chicago, under the auspices of the National Federation of Construction Industries, inquired carefully into the causes leading up to the present stagnation in construction work.

The Manufacturers News says

that its deliberations disclosed that current costs of construction materials still remain much higher as compared with pre-war costs and compared with the average of all other commodities; that current construction labor costs have not had proper adjustment to accord with present conditions; that practices and conditions surrounding financing of building construction require modification; that relations between employers and employees call for improvement and stabilization to secure continuity of operations in all building construction, and full rates of production, and that employers and contractors had not proceeded to the needed extent in effecting reasonably prompt deflation of values thruout the construction industry, and all stages thereof, from raw materials to finished products, including their own overhead and profit.

REPORT OF CONDITIONS FOUND IN JACKSONVILLE

On examining the areas assigned to them, the students found certain conditions which, if not improved, will aid Mr. Fly in raising a large family this year. The following areas contained uncovered garbage cans:

On East State street, between East street and the square.

On Anna street, between South West street and Church street.

On College avenue, between the Park and Prospect.

On Grove street, in the 1,000 block.

Between College and Mound avenue and Park and Lockwood.

East of West street, between the Washash railroad and Independence street.

On East State street, between the first alley east of the Music hall and Hardin avenue.

Rotten vegetables and fruit were found behind the alley north of the square, between North Main and Sandy; also back of East College avenue and Hardin.

A dead fowl was found near Mauvaisterre street.

Manure piles were found in the alley east of Church street, between the railroad and Independence and also on the corner of Morgan and State streets, near the alley running north and south.

Very unsanitary conditions were found between Church street and Prairie street, near the railroad and Lafayette.

While this is a fly campaign, only, we have noted certain conditions which, if improved, will aid in beautifying the city very much.

Among these conditions are numerous ash heaps, tin cans, brush, leaves and unclean poultry yards.

Two especially clean areas were found. From Sandy to Church street and College street to the Conservatory; also south of Independence, on Church street.

We are sure that with the cooperation of the people of Jacksonville this campaign against one of our deadliest enemies will prove a success. We want Jacksonville to be a more healthy and beautiful city to live in.

Drop in and let us get you ready for Easter. KNOLES.

AUTO COLLIDES WITH BUGGY THURSDAY NIGHT

Thursday evening about 7 o'clock an automobile owned and driven by James McGinnis collided with a buggy at the intersection of South Main and College streets.

Mr. McGinnis was driving north on the east side of the street and the buggy driven by a woman accompanied by a girl was coming from the west on College street.

The automobile struck the rear wheel of the vehicle and damaged it and Mr. McGinnis said he thought the horse ran away.

In conversation with a Journal reporter Thursday evening Mr. McGinnis said he stopped and offered assistance to the woman and girl. The girl he thought was injured and he wanted to take her to a hospital or take her to her home but his offer, he said, was refused.

He was unable to learn the names of the parties but said he gave them his name and address.

MIKADO IS COMING TO JACKSONVILLE

The announcement that the monster production of the recent revival of Gilbert and Sullivan's comic opera "The Mikado" has been secured for the Grand Theater on Saturday, March 26th is an interesting topic among local music lovers. It disproves the belief that to hear a really worth while musical production one must go to a larger city. The advance sale will open Monday, March 21st at 9 a. m. sharp.

Ralph Dunbar, the Chicago theatrical man who is reviving "Carmen" and "Robin Hood" as well as "The Mikado," concluded that if the millions in the smaller cities were given a square deal in the production of real comic opera a relationship of confidence would result, which would make possible the bringing to those cities of productions fully equal to the best offered anywhere.

To test his judgment he invested \$200,000 in the three productions and already fully five hundred cities have enjoyed real comic opera and Mr. Dunbar has been compelled to open additional bank books to foot up his earnings.

Mr. Dunbar believes in high class merchandizing and to this end had bulled his attractions from the best material obtainable. This applies to cast, principals and chorus, costumes, scenic ensemble, properties, lighting effects and orchestra. He will have nothing but the best which is double assurance that an entertaining event may be expected when "The Mikado" comes to town.

SIGMA PI LITERARY SOCIETY MEETING

Declaimers—Adam, "The Ladies;" Ferreira, "Brutus' Speech on Caesar's Death."

Readers—Andrew, "The Japanese-American;" Cully, B. O., "The Advocates First Plea."

Essays—Wilson, "A Plea for Poetry;" Fanning, "The State."

The extemporizers' subject: "Community Betterment Through Beautifying Community Environment." Extemporizers: Badger, Antrobus, F. Scott.

Subject for discussion: Resolved that a high protective tariff is still necessary to the best interests of the government. The affirmative was upheld by L. Cully and Henry; the negative advocated by Frazer and Mellon. The decision was awarded to the affirmative; negative, the merits.

The society had one of the best meetings that it has had for some time, out of virtue of the fact that every member on the program seemed especially adapted for the place he was filling. And each person had especially prepared for his part. The society endeavors to train its members in all lines of literary work, and when such a coincidence comes to pass when each member on the program is doing what he likes to do, a very special program is the result.

The society was glad to welcome back and hear a few remarks from an old member, Edward Bullard of Chicago.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 30c.

This is but one other step which the Company has taken to make mutual the interests of those who are engaged in its activities and those who by the investment of their capital have made these activities possible.

It is this spirit of fairness ever dominant in the minds of the management which has enabled the Standard Oil Company (Indiana) to gather an organization of enthusiastic, efficient, thoughtful and conscientious men and women who are devoting themselves to the betterment of that complete cycle of service which the Company is rendering the public.

To give you the service you are entitled to receive and which it is the Company's wish to render, every employee realizes that infinite pains must be taken with every step leading up to the transaction.

The Company believes that by making the active employees partners in the business, another step has been taken to achieve that perfection of service toward which we are striving.

**HOLLAND DENIES
OPPOSITION TO
YAP OWNERSHIP**
**Reported Opposition Came to
Washington in
February**
**ONE CABLE CONNECTS
DUTCH EAST INDIES**

THE HAGUE, March 18.—An official statement was issued today, denying the reports from Tokyo that Holland favored internationalization of the Yap island cables and would oppose the island becoming the property of a single power.

Official circles in Washington received advices in February which said the Netherlands government had become a party to the controversy over the German cables, seized by Japan, and emanating from Yap. One line connects Yap with Menado in the Dutch East Indies, and the Dutch government was declared to have addressed a request to Japan for possession of this cable.

Holland was described in a despatch from The Hague, under date of March 2, as being against negotiations with any individual power concerning the control of the cables from Yap to Menado or Shanghai. It was added that the Dutch government had nothing to say on any questions involving Yap, but opposed control of the cable by Japan, America, or any one else.

**NO DISCUSSION OF
PRIORITY BY COMMITTEE**

(By The Associated Press)
WASHINGTON, March 18.—The question whether tariff or revenue revision legislation should have priority consideration by the new congress was not discussed at the meeting today of Republican members of the house ways and means committee. It was stated, however, that there was no change in the line up as developed early in the week when the committee stood 13 to 2 to give tariff the right of way.

Representatives of the treasury department attended the meeting and went over with members some of the provisions of the anti-dumping and American valuation bills which will be introduced at the opening of the extra session.

**Foreman of Jury
Talks of Verdict**

(By The Associated Press)
ARDMORE, Okla., March 18.—Clara Smith Hamon acquitted yesterday on a charge of murdering Jake L. Hamon, prominent Oklahoman, spent today resting and reading hundreds of letters and telegrams. She had two conferences with attorneys who later said nothing had been done regarding the possibility of a suit against the Hamon estate and that while Clara has before her a number of high salaried offers, she was not considering their acceptance.

She said she was more interested in making a new start in life. She will remain in Ardmore for the present.

At the office of the county attorney today, it was said there was no intention to prosecute Clara on the statutory charge filed against her and Hamon, with whom she lived for ten years.

It also was said that an information against Frank Ketch, formerly Hamon's business manager, now administrator of his estate, charging him with being accessory after the fact of Hamon's murder would probably remain in the pigeonhole, never to be served. Ketch testified that he gave Clara Hamon \$5,000 and told her to leave Ardmore and remain away on the day she left.

Only One Vote Taken.

Jurors who rendered the verdict for acquittal reiterated today that only one ballot was taken and that it was confirmed by the rising vote.

W. A. Jolly of Ardmore, reported to have cast a vote for first degree murder on a first ballot, said only one vote had been taken and that it was confirmed by standing.

Mr. Jolly said that when jurors got to the jury room he said to those around by way of feeling out sentiment, "well, men, I favor a first degree murder verdict."

"Then," he continued, "one of the others replied: 'I favor letting her go, and doing it quickly, and I added 'so do I.'"

B. F. Laughridge, foreman, said, "there never was any question about acquitting her from the start. We never talked about it until we got the case officially, but there was that look in the eyes of each man that told what he had in his mind. The arguments merely took up our time, as we did not consider them at all."

The Original All-Record Phonograph Without Attachments

Such is The Brunswick, and part of its fame is due to this innovation. Until the coming of this noted instrument, most Phonograph owners had to be content with a one record instrument. Brunswick made this idea out of date.

There has been many attempts to equal The Brunswick, but devices and attachments never bring the desired result. The Ultona is part of The Brunswick inbuilt, and it plays every record at its best.

Another exclusive feature is The Brunswick Tone Amplifier, built entirely of wood; it has no cast metal throat, as is usual.

This scientific Tone Amplifier, built according to acoustic laws, gives truer, richer tone. It reveals hitherto lost shadings.

Hear The Brunswick before you buy a Phonograph. Note its unequalled tone, its superb cabinet work, its many betterments. You will hardly believe all the good things they say about Brunswick's, until you see for yourself.

**FOUR TEAMS GO
INTO SEMI-FINALS**

New Trier Defeats Champaign in Exciting Game—All Contenders Represent Small Cities Except Rockford.

CHAMPAIGN, Ill., March 18.—Rockford, Batavia, Marion and New Trier survived for the semi-finals of the state high school basketball tournament today. In the play this evening, Batavia defeated Collinsville 24 to 9. Marion defeated Macomb 25 to 15 and New Trier defeated Champaign 28 to 27.

The game between Marion and Macomb was harder fought than the score would indicate. Marion by superior team work steadily forged ahead.

The Champaign-New Trier game was the fastest of the tournament thus far. The first quarter ended 8 to 8. The half ended 14 to 14 and during the second quarter not more than two points separated the teams. New Trier forged ahead in the third quarter and picked up a lead of six points at one time. The third quarter ended 25 to 20 in favor of New Trier. With three minutes to go, Champaign passed New Trier by one point. Each side made a basket just before the gun sounded. In the overtime play New Trier caged one and won.

Rockford defeated Streator today 29 to 28.

**WHITE HALL CHURCH
DINNER A SUCCESS**

First Baptist Church Dinner and Bazaar Brings Large Receipts—Women's Organization Inspected—Other News Notes

White Hall, March 18.—The dinner and bazaar at the First Baptist church on St. Patrick day was well patronized. The receipts at the dinner were \$100, and the total net receipts from all sources were \$170.

A young people's conference of the Alton Presbytery was held in the Presbyterian church Thursday, being one of the three held during the week (Wednesday at Edwardsville and Friday at Chester. Dr. Gerrit Verkuyl of Chicago, young people's specialist in Illinois and Wisconsin for the Presbyterian church, spoke at 4:30 p. m., this being the leading feature. W. D. Vater, Sunday school missionary of the Alton Presbytery was also present. There were delegates from Greenville, Carrollton and Jerseyville, and visitors from Roodhouse and Winchester. At 6 o'clock a cafeteria luncheon was served, attended by about 150, during which the new basement enterprise was open for inspection. At 7:30 a popular session was held.

Mrs. Maude McDonald of Chicago, state organizer, arrived from Springfield Wednesday evening and remained over Thursday as the guest of Mrs. Guy Lowenstein. She inspected the local chapter of the P. E. O. Sisterhood, which was organized about a year ago. The work was presented at the home of Mrs. Lowenstein, and the inspector found things to be in a splendid condition. The chapter was organized last April with twelve charter members, and at the end of the year the membership will be enlarged. This is the largest women's secret organization not auxiliary to a man's organization. Its main hobby is the providing of an educational fund whereby worthy young women are loaned money for higher education. Each club has some sort of philanthropy to carry out during the year. There is also a study course, the one now being pursued by the local chapter being furnished by the educational department of the department of the interior at Washington. The members were dinner guests of Mrs. Mark Lowenstein at her home. The roster is as follows: Mrs. Guy Lowenstein, president; Mrs. J. P. Short, vice president; Miss Laura M. Baker, recording secretary; Miss Kate Ellis, corresponding secretary; Mrs. W. L. Winn, treasurer; Mrs. G. W. Whiteaker, chaplain; Mrs. Mark Lowenstein, guard; Mrs. E. C. Incas, Mrs. Emil Schram, Mrs. Glenn Waddell, Mrs. Guy Green, Miss Mame Watson. Corsage bouquets were presented to Mrs. McDonald and Mrs. Guy Lowenstein. Mrs. McDonald went from here to Chicago. The president and vice president are delegates to the state convention to be held at Kirkwood, Illinois, April 26th.

**WILL CLEAN OUT
CITY RESERVOIR**

As Soon as Task Is Completed Water Will Be Fit for Drinking Purposes.

Everything is in readiness for providing filtered water for the city of Jacksonville with the exception that the reservoir and city mains must be cleaned before the water will be safe for drinking purposes. Work was completed more than two weeks ago on the filter and it was tested out and found satisfactory. Now the reservoir must be cleaned and that work has been commenced and will probably require two weeks or more. There is about a foot of mud in the reservoir and it will be quite a task to remove it. Then it is possible that the surface of the reservoir will be treated with an application of tar before water is pumped in.

Mayor Crabtree, H. L. Caldwell, City Engineer Henderson, Alderman Chapin and Water Superintendent Cobb all inspected the reservoir yesterday when plans for cleaning were discussed. A great many small fish were found in this westside reservoir and late yesterday afternoon they were removed to Mauvais-terre lake.

**TWO WOMEN HELD
FOR POSTAL ROBBERY**

CHICAGO, March 18.—Two women were being held tonight in connection with the \$500,000 postal robbery at Toledo, Ohio, last February.

They are Mrs. Myrtle Lemack, the wife of a man for whom the police are searching, and Mrs. Margaret Monroe, her sister-in-law.

The fact that the women were being held was revealed when an effort was made today to obtain a writ of habeas corpus for their release. The hearing on the writ was continued until tomorrow morning.

According to the police, Lemack and the two women arrived in Chicago shortly after the robbery in Toledo. It was said that the women were traced thru a \$1,000 bill they offered in payment for a fur doorman at a department store.

**ENTERTAINMENT IS
TAKEN BY OFFICERS**

DENVER, Colo., March 18.—S. P. Olinger and R. G. Moser, members of the entertainment committee of the American Federation of Labor for the national convention of that organization to be held here next June were lodged in jail today on charges of violating the prohibition law.

The union officials were arrested by prohibition officers after five gallons of moonshine whiskey had been found in Olinger's possession in the stockroom of a shoe shop on a downtown street.

Sixteen gallons of whiskey were found in Moser's home. State officers charged that Olinger had been selling the whiskey by the pint. Both men were allowed bond for their appearance in court tomorrow morning.

PAVEMENT HEARINGS.

A public hearing with reference to the proposed retopping of the East and West College avenue pavement will be held Monday afternoon at the city hall. The plans which Engineer Henderson has perfected provide for retopping of the street with asphalt. A great deal of interest prevails among residents of the street and a large attendance is expected at this hearing.

Recently a hearing for the proposed extension of the East State street pavement and rebuilding of that part east of the railroad was held. There was considerable objection to that part of the street from the railroad to Johnson street, with fewer objectors owning property east of Johnson street.

Mrs. W. H. Mason, Miss Margaret Grady of South Main street and Mrs. P. E. McCarthy of Murrayville attended the funeral of Postmaster E. C. Fahey of New Berlin yesterday.

OBITUARY

Mrs. Hannah Goodpasture Smith was born in Overton county, Tenn., on July 10, 1835, and passed away at her home near Concord at the age of 85 years, 8 months and 4 days. She was the daughter of Abraham and Hannah Willard Goodpasture, who came to this state in 1831, settling in Morgan county.

In 1850 the deceased was united in marriage to Larkin B. Smith, who preceded her in death 23 years ago. There are 56 direct descendants of the deceased living, 8 children, 20 grand children, 22 great grand children and 6 great great grand children.

The children are: Thomas J. Smith, Mrs. Mary A. Hamm, Larkin B. Smith, Marshall Smith, Mrs. E. J. Harshman, Sidney Smith, Louis C. Smith, Richard P. Smith and one step-son, Isaac N. Smith.

Mrs. Smith was the last of a large family, four brothers and four sisters preceding her in death many years ago. Belonging to a family which traced its ancestry for many years, Mrs. Smith was eligible as a member of the D. A. R., and had she lived until the return of her certificate of membership she would have been the head of five generations belonging to this chapter.

It can be truly said that Mrs. Smith's life fulfilled the passage of scripture, "I have fought a good fight. I have finished my course; I have kept the faith." Mrs. Smith might well be held as an example both in a Christian and material way. She always accomplished what she undertook to do and her life was a power for good in the community. Her Christian life dated back to the pioneer days of Peter Cartwright and other noted men. Mrs. Smith was an intelligent conversationalist, well versed on all subjects, even to the topics of the present day. She had great pleasure in entertaining men and women of note and her interest in the higher things of life never declined. Her death means a loss to the family, church and community circles, which will be felt for years to come.

FACTS ABOUT EVER-BEARING STRAWBERRY

Facts About Comparatively New Type of Popular Fruit Given By Reliable Nursery Firm.

It may be of interest to the public to have some definite knowledge of the comparatively new type of strawberry known as the "everbearing." The following letter from A. Bryant and Son of Princeton, Ill., a very reliable nursery firm, is in reply to a letter from a Jacksonville man asking for information as to the merits of the "everbearing strawberry," of which two kinds, "Progressive" and "Superb," are advertised:

"We note your inquiry relative to everbearing strawberry. If a person is so situated that he can give the patch plenty of water during the extreme weather late in the summer, the everbearing strawberry, especially "Progressive" gives good results. They of course produce two crops a year. They bear practically about as much as the average variety during the spring season when other sorts are bearing, and then begin to set bloom during July and from that time on until freezing weather are blooming and setting fruit all of the time. However, as you know, a strawberry plant needs a great deal of moisture to make up satisfactorily and during the months of July, August, and September they should be irrigated if good results are expected.

"We know of one party within a few miles of here, who is near the Hennessee canal, in fact, one of the lock-keepers. He has about a third of an acre of 'Progressive' strawberry plants, where he can irrigate them with water from the canal. He tended to the patch during his spare time, and he informed us last fall that he picked 1,200 quarts of strawberries from July 20 to Oct. 1. We were at his place and saw his patch about October 1, and he was then picking about five or six 16-quart cases of

strawberries about twice a week, and of course getting a good price for them.

"Unless care is taken of everbearing strawberries they may be a disappointment, but if they are well cared for will produce good results."

MAY REORGANIZE THE CHAMBER OF COMMERCE

Rotary Club Pledges Support in Any Effort Made — John P. Mack, of American City Bureau, Speaker at Weekly Luncheon.

At the business session of the Rotary club, Friday, it was decided to give all possible aid to the Chamber of Commerce in the proposed reorganization of that body.

This action was taken after the members had listened to an address by John P. Mack, of Cleburne, Tex., a Rotarian who is identified with the American City Bureau. This is an organization which publishes the American City magazine and makes a business of developing city business and commercial organizations. It has been in existence for a period of thirteen or fourteen years and has been associated in the organization and development of chambers of commerce or kindred organizations in about 275 cities.

The plan under which the bureau operates is not only to assist in the initial steps of organization, but to keep in close touch with the organizations formed for a period of at least three years. In addition a bureau of research and in formation is maintained, thus placing at the disposal of cities a great deal of information which is of value in development work.

Newly elected Rotarians present yesterday were Rev. W. H. March, Dr. Charles Hopper, W. T. Harmon and George P. Brown. Among local visitors were Cole Rowe, C. H. Phillee, H. F. Breeden, J. F. Claus and R. W. Blucke.

Special announcement was made by R. Y. Rowe, chairman of the committee arranging for the delegation which will attend the district convention in Peoria. As roll was called, the members replied by indicating whether or not they will be able to attend this convention, which will be held April 12 and 13. Mr. Rowe and his associates are expecting to arrange for a special train from Peoria to San Jose, so that Jacksonville Rotarians who desire may spend a full day in Peoria and return on the Alton Hummer.

Meeting of South Side Circle

Sunday School Classes Have St. Patrick's Supper

The Junior and Intermediate Sunday school classes of the Congregational church had a St. Patrick's Day supper in the church dining rooms last evening. The affair was arranged by teachers of the Sunday school, part of them arranging the entertainment and the others cooking the delicious supper.

The St. Patrick's idea was carried out in the table decorations and the menu and after supper the guests played some entertaining games. The young people all enjoyed the party immensely and voted the teachers excellent hosts.

Charivari for Newlyweds

A good old-fashioned charivari was given last night for Mr. and Mrs. Fred Khors, at their home, east of this city. They have recently been married and last evening a large number of their friends got together and gave them a good send off. About seventy-five friends and neighbors went to the Khors' home taking with them plenty of ice cream, cake and other good things to eat.

Every one had a jolly good time and voted the party a great success. Mrs. Clarence Smith was the one who made the arrangements and was largely responsible for its success.

Mrs. Wesner Given Dinner and Theatre Party

Mrs. Willard Wesner was the guest of honor at a 6 o'clock dinner given last evening at the Wesner home, on Grove street.

The affair was a surprise party, arranged by Mr. Wesner, in honor of his wife's birthday, which occurred yesterday.

A delicious four-course dinner was served at 6 o'clock. After dinner those present were Mr. Wesner's guests at a theatre party at the Grand.

The affair proved a most delightful one, both for the guests and the guest of honor. Mrs. Wesner was the recipient of some very attractive and useful gifts.

The guests at the dinner were: Mr. and Mrs. Beaugh Jennings, Florence Short, George Kennedy and Elva and Edna Osborne.

Mrs. Merrill Hostess At Reception

Mrs. George Merrill was hostess at a delightful informal reception given yesterday afternoon in honor of Mrs. Roberts, of Kansas City, and Mrs. Edward Tomlinson. The Governor Duncan memorial, where the affair was given, made an attractive setting for the function. Spring flowers decorated the spacious rooms of the house and the many guests enjoyed the affair to the fullest extent.

Those who assisted Mrs. Merrill in entertaining were Mrs. George Tomlinson, Mrs. Theodore Tomlinson, Mrs. H. C. Wolman, Mrs. John Russell, Mrs. Frank Strawn, Mrs. A. L. Adams, Mrs. C. E. MR. SEARCY TALKED TO WESTMINSTER MEN

Church Brotherhood Hears Informal Address by Representative at Meeting Friday Night.

The Westminster Brotherhood held a meeting Friday night, at which the members had the pleasure of listening to an informal address by Representative Earl B. Searcy, of Springfield. A supper was served at 6:30 o'clock, under the direction of a committee which included Dr. F. C. Noyes, W. J. Brady, Henry B. Kamm and Clarence B. Massey. Then, with Dr. Noyes, vice president, presiding, came a short program. The men joined in singing "Onward, Christian Soldiers" with Mr. C. W. Taylor as accompanist. Then the company had the pleasure of hearing a solo by Mr. Urie Gouveia, his accompanist being Miss Antoinette Gouveia. The solo was "Three for Jack," by W. H. Squires, and it was sung with such fine effect that an encore was demanded, and Mr. Gouveia then sang, "The Magic of Your Eyes," by Penn.

Mr. Searcy made it plain that he had not come with the intention of making an address, but merely to talk informally with some of his Jacksonville friends. He spoke along the line of duties of citizenship, taking the special viewpoint of an ex-service man. He said that every good citizen should have the laudable desire of establishing and maintaining his own home. Then would follow logically an interest in the affairs of his city, the state and then the affairs of the nation. This means that the citizen who meets his obligations is concerned in making a home for himself and family and realizes that the proper home conditions cannot be always permanent unless there is the rightful state of affairs in state and nation. Then thru interest in these public affairs, a citizen can discharge his duty to his fellow citizens.

Mr. Searcy spoke briefly of some of the questions that occupy the time of a member of the legislature and the procedure with reference to bills. Dr. Thomas Smith voiced the feeling of the men when he said that they had enjoyed Mr. Searcy's talk and could not but feel that the district has in him a representative who earnestly desires the best things for his state and constituency. Then came a period of informal questioning, when the men asked about any pending legislative bill in which they happened to be interested. It was a very informing way of discussing public questions.

IN MEMORY

In memory of grandpa, who died a year ago, March 18, 1920: He made no one in last farewell. He said goodbye to none. His loving heart has failed to beat And before we knew he was gone. He is gone, but not forgotten. His memory shall never fade; His loving heart shall always linger. Around the grave where he is laid. Peace be thy rest, dear grandpa. It is sweet to breathe thy name; In life we loved you dearly. In death we do the same. Your granddaughter, Ione Willner.
